

FosPower 21.75W (14.5V/1.5A) USB Type-C Male to USB Type-C Female Charging Port and USB 3.0 Type-A Female Adapter

FosPower 21.75W (14.5V/1.5A) USB Type-C Male to USB Type-C Female Charging Port and USB 3.0 Type-A Female Adapter

Thank you for purchasing this FosPower product. This guide will help you to familiarize yourself with all the features and functions of your newly purchased product.

Disclaimer Statement

We are not liable for any damage or destruction to personal properties that are contained inside or outside the FosPower product.

Installation and Safety Precautions

- Do not insert sharp objects or spill liquid on the product. This may cause accidental fire, electric shock, or failure
- Cables connected to the adapter must be placed well, where it would not be stepped on or pinched. Make sure cables are fully inserted into ports
- Do not attempt to service this product yourself. Attempting to open, remove, or modify this device may expose you to potential electric shock
- Do not set up this product adjacent to a water source or an environment that has excessive moisture
- Place this product on a flat surface and keep it out of reach of children.
- Safely remove external devices before disconnecting them to prevent loss of data
- Please refrain from charging a cellular device or using a high power consumption device through the USB 3.0 port while the MacBook is being charged through the USB Type-C port, as the maximum power output is 7W
- For best usage, plug in this order: USB Type-C port, Type-C connector, USB 3.0 port, and unplug in the reverse order

In The Box:

- FosPower USB Type-C Male to USB Type-C Female Charging Port and USB 3.0 Type-A Female Adapter w/ Removable Cap x 1
- User Manual x 1

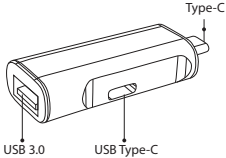

Product Specifications

Input(s)	USB Type-C plug
